		Yes	No
SAC	01/11/2024		x
LR Commission	31/10/2024		x
SG			

Question

is this rifle acceptable for long range shooting ?

Remarks

This underhammer repro is very similar to Hopkins and Allen reproduction sold by Numrich's in the 1950s.

Firing mecanism shall have only two main parts, hammer and trigger, plus the trigger guard/spring.

Question status : stand by, evidence required to qualify this as a repro. So far it is a modern, 20th century creation.
