Question

this matter is raised about sling attachments, grenadiere.

Confusion exists because in the question 2025-02, about gibbs ring, a picture shows a grenadiere with quick detachment feature. Some people are attestation such grenadiere are granted by MLAIC/SAC, while only the "Gibbs ring" was in this text.

Decision made : not acceptable in repro or original, recommendation : 2 years of standstill decision applicable from june 1st, 2028, plus revision of 2025/02
