Question

for information, this original pistol was rejected at EC 2025 of Barcelos, for safety reasons.

1 - handle was broken and poorly repaired with nail and glue

2 - an important piece of wood is missing behind the lock

this weapon is not safe, the lock is not in contact with the frame and the handle can break again due to poor repair.

SAC will be happy to accept this antique after a stay in an armourer's hands, in a shop able to make a correct restauration.
