Postponement of the MLAIC-World Championships Short Range in Germany and Long Range in Hungary from 2021 to 2022

Dear All,

Unfortunately, the preview into our new sporting year 2021 doesn't really look very bright.

It seems that "Corona" keeps a firm hold on our life, and thus also on our sporting activities. That means, organizing a championship (especially a world championship) is almost impossible in these days.

No one knows when we shall have an effective vaccine against this virus nor when we shall return to normal life.

Therefore, we the S.G., the D.S.G. and the MLAIC Commission members had a video conference recently and, as a result thereof, we proposed to our member federations worldwide a postponement of our 2021 World Championships (Long Range and Short Range) to the year 2022.

A subsequent electronic vote of our member federations resulted in an unanimous consent and therefore we shall now try to organize these two events one year later than foreseen.

Nevertheless, the Commission members would like to maintain the possibility to have sporting activities also in 2021 (if the situation permits).

Therefore, we shall try to organize two Zone Championships (European Zone and Pacific Zone) as postal matches in 2021.

Further information concerning our planning will be sent in time; i.e. by the end of this/beginning of next year.

Well, let's hope that we shall be able to realize our plans concerning the postal matches next year and that we shall see each other, in the best of health, latest in 2022 in Hungary and/or in Germany.

In the meantime, let me wish you all the very best.

STAY HEALTHY !!

Gerhard Lang
Secretary General
